

Rev. May 2020

TERMS AND CONDITIONS OF SALES

STORAGE FEES: Upon completion, final photos must be approved and final payment received within 7 days of customer receiving approval photos. Storage fees will apply at a rate of \$65 per week (full or part thereof) for any unapproved/unpaid projects. Vintage Industrial may store the items up to 90 days at their discretion, and upon written notice, require full final payment within 7 days or items will become the property of Vintage Industrial.

FREIGHT: All quoted freight is estimated as it fluctuates throughout the year. When product has completed fabrication and is prepared for shipment, an updated freight total may be invoiced. Any changes to shipping parameters made by customer may result in additional charges.

PAYMENT METHODS AND TERMS: We accept Visa, Mastercard, and American Express. Orders over \$20,000 require a check or wire payment or a 3% credit card processing fee will be charged. All orders require a 65% non-refundable deposit to begin scheduling pre-fabrication (drawings and samples), and the balance is due upon completion and before shipping. We offer no other payment terms. All invoices are due upon receipt. Any and all change orders must be paid in full. If your accounting department requires 7 days or more to process the final payment or your project is time sensitive. Please request final invoice from Project Manager prior to the estimated completion date to avoid potential storage fees or shipping delays.

DRAWINGS: All technical drawings provided are solely owned by Vintage Industrial LLC. All customer submitted drawings are used strictly as a guide for Vintage Industrial to create its own original drawing in which ownership is retained. When a technical drawing receives approval remarks from customer, whether verbal or written, the approval is binding. All product is made in accordance to the details illustrated in the technical drawing. Quoted lead times will be extended if client delays drawing approvals or makes changes to the scope of the project.

OTHER: Vintage Industrial photographs all product for quality assurance and marketing and will use these photographs in any fashion at Vintage Industrial's discretion.

TERMS AND CONDITIONS ARE SUBJECT TO CHANGE AT ANY TIME
